

Intro

Welcome to the Olympic Peninsula! Discover this unique land and fascinating local communities as you geocache across the Olympic Peninsula.

We have two GeoTours to help with the fun, as well as over 200 other caches in all shapes and sizes, puzzles and multis around the area. Drive the #1 Highway 101 Scenic Byway Loop GeoTour or #2 the Road Tripping! GeoTour.

Located in the upper left corner of Washington State and home to Olympic National Park, a UNESCO World Heritage Site and International Biosphere Reserve – you'll find creative geocaches, plenty of jaw-dropping scenery, some excellent food and more fun than you can have with your GPS. From pristine Pacific Ocean beaches, moss-draped rain forests and wildflower-carpeted alpine meadows at the doorstep of glacier-capped mountains, don't forget to look up from your GPS to enjoy it all!

Capture the special trackable geocoins for these GeoTours by finding all the caches, stamping your passports and sending the completed passports to: Olympic Peninsula Visitor Bureau, PO Box 670, Port Angeles, WA 98362. There are still coins available for both GeoTours!

These GeoTours are made possible with funding from Olympic Peninsula Tourism Commission. For questions or concerns, contact **Allegra Pomeroy** at Olympic Peninsula Visitor Bureau, or 800-942-4042.
